Arthur Frederick Cassata

OCT 6, 1962 - JAN 2, 2021

Arthur (also known as Artie, Art, and Dave) Frederick Cassata passed away peacefully in the afternoon of January 2nd, 2021 at the age of 58 in Palm Coast, Florida. His battle with serious medical issues over the years showed his courage in facing life challenges with a smile. Despite the pain and the hardships, Art stayed strong and full of character until the very end.

Art was born on October 6th, 1962 to Arthur and Marjorie Cassata in Brooklyn, NY. He was a 1980 graduate of Monroe County High School in Rochester, NY. In the early 1990's, Art found his residency in the sunshine state. He met the love of his life, Lisa, in Daytona Beach and they began their journey. She supported him through every adventure and phase of life. They married in Saint Augustine, Florida in 1996 and were blessed with two children, Heaven and Dominic Cassata.

Art never lived life too seriously and was always known to crack a joke. He didn't live life on the safe side, but he sure had a lot of fun. He was a loving husband, father, son, brother.

Art always felt most at home with his toes in the sand and near the water. An ocean view balcony and listening to the waves was his idea of paradise. In the mountains, where he often visited, he could be found making pasta or grilling his famous ribs for relatives and friends.

Art had many hobbies, but the most notable included: treasure-hunting, driving his corvette, watching the History channel with his son, and crushing his daughter in board games. He was a life-long football fan, and could admittedly be found cheering on whatever team boasted a Manning family member.

His family asks that Art be remembered for everything he was: strong, charismatic, quick-witted, free spirited, and above all else - a loving and passionate husband and father. He will be sadly missed by so many, but the many fond memories will live on and become his legacy.

For the rest of my life, there will be a piece missing from me. I find so much comfort and strength in knowing that you knew how much I loved you, and you never let me forget how proud of me you were and how much you loved me. From the time I was little and for the rest of my life, you will always be my "team". I couldn't have asked for a better Dad, role model, and partner in crime. You were there for me through so many of life's ups and downs, and I could never thank you enough. I am beyond grateful you were able to see so many important milestones in my life. My favorite memories of you will help me go on throughout this next phase of life without you. I know you'll always be watching over me and supporting me through the decisions I make. Some of my favorite memories include: going to Colorado with you (after I cried when I found out I wasn't going on a tropical vacation for spring break), taking me fishing, when you "saved my life" (and never let me forget it), the first day you got your corvette and you picked me up from high school with the most embarrassing hat and music, driving me and my friends to school, watching our favorite shows (Bachelor & Kardashians), always keeping up with the crazy drama and stories in my life and your nicknames for all my friends. I could go on and on, but this would be longer than your obituary at this point. Thank you for all you have done for me. Thank you for all the sacrifices you made and all the little things in between. You will forever inspire me to be better, to do better, and above all else - be a good person. Forever your little girl, Heaven

Like Shannon said yesterday, Dave was a beast on the grill! Whenever y'all or just him and Lisa came in, he always cooked and sent food over. His lasagna and grilled food were legend, my health didn't let me go over very much and I hated that. Dave was such a great dad, and his sense of humor! We all got a kick out of him and Berzilla when they got going, and it was usually directed at Melvin, which made it even funnier lol. Dave will be so missed by all who knew him, y'all are in our thoughts and prayers, love you guys so much.
