Faith and I worked together at North Ridge Hospital. I worked in the Nursing Education Department as a secretary to Faith, June and Charlotte. She always had us laughing and her students loved her. Prayers are with her family.

You will forever be missed my friend. We have shared this life for 54 years as life long friends. We have shared our stories about spouses, children, grandchildren and your great grands. We have shared and sorted life's storms as well as so much happiness. I must travel the rest without you but know you will be watching us all. Pick a great house out for me- near yours. You better than anyone can decorate it the way I will love it. Fly high and free my friend no more illness only glory. Gin
