“ Steve, it is hard to imagine what you and your family must be going through at this moment in time. There is no true love, like a mother’s love. A mother’s heart is seemingly always filled with care and her love for her children is endless and unwavering. A mother will dedicate her life to caring and providing for her children both physically and emotionally. And she always seems to know how to help her children to overcome problems and thrive in spite of them. Mothers truly are a precious gift from God. Although your mother has moved on to the next journey in her life, know that you are not alone and never shall be. Hopefully you and your family can find some solace in knowing that your mother is now living her best life with her creator.

“ My heartfelt gratitude goes to Mark, as caregiver. The life sustaining partnership y'all had was amazing to witness. Love, support & devotion you gave during times of joys & difficulties is admirable. You were always tolerant of this sister- in- law. Our visits of Hebert girls shenanigans is appreciated. "You're Simply The Best" Fresh sorrow will wash over like waves on the beach, her favorite. May you take comfort & solace in the memories. To her children & grandchildren, you matter. Because during phone calls, she boasted of absolutely incredible individuals you are! Stories are the threads of love & laughter she gave about G.R.I.T.S. As the Pandemic makes it harder physically to connect, just know your grief is acknowledged. It is the evidence of how deep rooted Barbara's legacy of LOVE is. Hugs, prayers & comforting thoughts to all. Let's plant trees...

PS

“Fleur de lis!”
This was Barbara ‘s command to the crew of the all girl 10 meter sailboat that Barbara captained. She gave this command when directing the crew to “come about” meaning make a u-turn. How fitting are these words to us. Barbara was the “Fleur de Lis.” She will always be my “flower of life.” Her command to “come about” redirects and resonates in the joy of her being. We are to come about and be about her joy.
