“ Ginger holds such a special place in my heart and I will miss her so. There was something so special about her and I feel lucky to have known her for many years. Our thoughts and prayers go out to her family. In time the pain of her loss will be replaced by only good memories.

“ I have known Ginger over the past 10 years as one of the Coast Family of Agents' underwriters but also as "friend" - she was such a sweet, upbeat person with a wonderful outlook on life and so full of optimism for each coming day - she is with the Angels and looking down upon us and knows our heart - I am praying for the family in their loss and for the comfort that will come knowing that Ginger is in a better place. Love to the family. Ms. Troy Winn.

“ My deepest sympathy to Ginger's husband, son and family. She was full of life and could always make you laugh. I am Alexis's niece and spoke with Ginger after she was diagnosed with her cancer. She was always up beat and always looked at the positive in her long road ahead. The heavens above received a very special new angel to watch over everyone. My thoughts and prayers are with you today and always.

“ Oh Ginger....what will we do now? You have left such a BIG hole! Memory just said it the best, reading her last sentence finally made me smile since hearing of you leaving us. I forgot about "Girlie"....
Thanks for going "undercover" to view Churches for my sons wedding. We laughed and cried, and cried some more when we found the perfect one. I am forever grateful to you for all that you have done for my family.

“Ginger went well beyond the call of duty, in her work profession. It is rare to find someone so dedicated.
I will so miss hearing her call me, "Girlie". :)
